Submarine Telegraph to Caba.

The N. Y. Journal of Commerce learns that the Company which was formed last year for the purpose of esablishing telegraphic communication Setween the island of Cuba and the American continent, have completed their preliminary arrangements, and are resolved to commence the work immediately, This will be a valua-Ble addition to our comprehensive system of telegraphs, and one that ought to be supplied, now that the Submarine Telegraph has been successfuly laid. Among the managers of this company are some wealthy and enterprising citizens of Havana and New York.

Republicanism in Southern Kanzas.

We have lately received a letter from a distinguished Free State man in the Southern portion of the Territoty, in which he says :

"I am glad to see that you have organized a Republican Club. This, I think, shoul! be done in every locality in Kanzas, and then we ought to organize a State or Territorial Club, at some central point, and we will then have the Republican Party of Kanzas fully organized, and without much noise.

From other sources we learn that a Republican Club is being organized in the county in which this gentleman resides.

Remember Next Saturday Night

Yes, sir, don't forget what is going 'to take place in Prairie City next Saturday evening. Be sure and be on hand at the meeting of the Republican Club at the M. E. Church, and hear the Hon. M. J. PARROTT, and Judge Branscoms express their views on the political questions of the day. All are most respectfully invited to attend. We hope to see a goodly attealance of ladies. This will be the most interesting political meeting them. Don't forget the time and place.

Go on, gentlemen; push forward the good work!

Sugar Mill.

Our enterprising citizen, Mr. H. McAllisten, has just been purchasing a sugar mill, which he intends to put into operation near his residence, soon. If his efforts at sugar-making are successful, he will have all the business he can desire, for a large quantity of Chinese Sugar Cane has been raised in this vicinity, this season. Mr.-M. has our best wishes for success.

We learn that a large and enthusiastic Republican meeting was held at Lawrence, on Monday evening last, which was addressed by Rev. H. P. Johnson, of Leavenworth. An effort is being made to o rganize a club at that place. Lawrence ought to have taken steps in this matter long ago.

Right ! Saveral of our citizen s have lately been engaged in laying out a new road, from Prairie City to Mr. Lindsay's, on the Lawrence road, about two miles from town. Good! you are MEN; pity there ain't a few more like you !

"We do not doubt that in the bloody reverses of the late war with the United States were laid the foundations of that mutual distrust and anarchy which have destroyed not only political government but civil society itself. It seems that there is nothing left for the United Statebut to consummate the work they have begun, to annex the land of Montezuma and Cortes, which, even under the lash of the slave driver, will not regret the illusory liberty of the Mexican Republic.

EF Swamp fever has broken out among both whites and blacks in the lowlands of the Mississippi, occasioned by the receding of the water.

The Nebraska City News of Saturday, brings us the intelligence of the resignation of Gov. Richardson, of that Territory.

An effort is making in Arkansas to induce the Legislature to compel the whole colored population to leave the State.

Important to R. R. Contractors THE Leavenworth & Ft. Gibson R. R. L Co. will receive proposals on Monday, the 18th day of October, 1858, at their office in Prairie City, Douglas County, Kanzas Territory, for the grading and bridging of of the 3d Grand Division of said road, com-

eral days previous to the day of letting contracts.

This district of country is the finest in Kanzas, and will be desirable to contractors, as much of the work can be favorably prosecuted through the winter season.

It is not contemplated to prosecute the line farther South at present than the 4th way through the Indian country; but to connect with the Pacific Railaond at the Mo. State line, which branch is now locating and will be ready for letting by the first of March next, so as to have the same in read-

iness simultaneously with the Pacific Road.

A Great Book For Agents!

PUBLISHED this day, Feb. 9th, 1858, Fifty years in Chains: or the life of American Slave. Written by himself, 430 Pages, Cloth, Gilt Back. Price \$1 00.

This is the title of one of the most intensely interesting biographles of the day. It is the plain history of an American slave in the far South, who after two or three escapes and recaptures, finally, an old man found freedom and rest in one of the North, ern States.

What the Press Says.

The story is told with great simplicity, but with much power and pathos. Whodown until it is finished .- National Era, Washingron, D. C.

A narrative of real experience like the above, will have far more effect against slavery than the ingeniously wrought novel, however true to life its its pictures may be. -Am. Baptist.

Here is a book of facts, stranger than fic-tion, and a thousand-fold more thrilling; a simple tale of of life-long oppression, reveal-ing truly theworkings of the "peculiar in-stitution," in our country. To the story-loving we would say, here is a story worth reading .- Mission Record

A THOROUGH CANVASSER IS WAN TED, in each county in the free States, to engage in the sale of the above work imme diately. Such can easily clear from \$50 to

\$100 per month! The work is beautifully printed and bound, and is as large as the books that sell for one \$125; but as we mean to sell at least one hundred thousand copies, through agents, we have made the retail price only one dollars.

A sample copy of the book will be sent by mail, postage paid on receipt of the price and our private circular to agents, with terms etc. Address
